Kéramis Vase With Swallows By Charles Catteau

750 EUR

Signature : Jacques Catteau

Period : 20th century

Condition : Très bon état

Material : Earthenware

Height : 32 cm

Description

Superb and rare earthenware vase made by the Kéramis factory in Belgium with a decor by Jacque Catteau. In an ovoid baluster shape, it is decorated with motifs of foliage and swallows on a background of a crackled cream decoration. The colors of the birds and the blue of the branches are superb. The whole thing is in perfect condition apart from a slight chip on the collar which is easily repairable.
