Description

Terracotta sculpture art deco period 1925 1930 representing a black panther in movement. Very decorative sculpture featuring a magnificent panther hunting ready to pounce in its black dress with a very beautiful dark patina bringing out all its elegance. Interesting contrast with the patinated red terracotta terrace, signature of the artist Luce, active in the 1920s and 1930s on the base. Excellent condition overall. and very elegant art deco piece to position in a beautiful interior from the same period. Possibility of sending in France and throughout the world by professional carrier and by secure package.
