

Combat Club - Fiji Islands

1 600 EUR

Period : 20th century

Condition : Bon état

Material : Solid wood

Length : 78 cm

Description

Combat club - Fiji Islands

Totokia type club carved from hard wood, consisting of a slightly curved stick ending in a starry bulge evoking the fruit of the pandanus.

The blunt tip of the weapon, which is in principle inspired by a bird's beak, evokes more here and in an original way a phallus.

Remains of fiber ornaments on the handle.

Provenance: - Atelier Edouard Goerg, Ribeyre & Baron, March 27, 2017 - Private collection, Paris

REGION: Fiji Islands

MATERIAL: Wood

PERIOD: 20th century

LENGTH: 78 cm

(Base)
