

Verre églomisé Medallion

350 EUR

Period : 18th century

Condition : Très bon état

Material : Glass

Description

Glass medallion engraved in intaglio and painted using the églomisé technique.

End of the 18th century.

4.54g 35.1 x 28.6mm

A fiery heart pierced by an arrow placed on an altar placed in a small temple with columns. Above the pediment, two birds pecking each other. All surrounded by a cord and a garland of flowers. Charming object whose iconography refers to the motifs popularized among others by Dorat.

Lack of paint.
