### Description

Superb pair of large lamps in gilded and patinated bronze after Clodion. On a molded white marble base, a putto leans against a rock. He carries in his hands the arms of light like a cornucopia. Alternation of gilded and patinated bronze. Very decorative lamps, the electrical system has been changed, new pleated fabric clamp lampshades. We preferred to leave the gilding and the patina in their own juice without much cleaning, there are still a few white marks in the hollows of the gilding and some rubbing on the patina. Signed Clodion on the back. Period late 19th century around 1890. The price is fixed, no discount possible, thank you. Delivery by carrier 50 euros in France, 120 euros in the EU and 250 euros rest of the world.
