Description

"La Pérouse II" model candlestick, in gilded brass, varnished finish, and blue calfskin velvet, with three arms of lights, ending in the upper part with a rock crystal decoration. Circular shaped base.

Contemporary French work of craftsman.

"I was inspired by the shape of the masts of old sailboats after which it bears the name. In gold, crystal and electric blue velvet calfskin, the creative idea is to make three candles float in the air."
