

## Pair Of Candlesticks In Gilt Bronze Louis XVI Period

3 500 EUR

Period : 18th century

Condition : Très bon état

Material : Bronze

Diameter : 15,5 cm

Height : 29,5 cm

### Description

Pair of Louis XVI period candlesticks in chiseled and gilded bronze. The barrels erected in a column are highlighted with grooves decorated with asparagus, a laurel garland punctuated by medallions surrounded by pearls topped with a knot and ends with a frieze of water leaves. They support antique vases forming a bin decorated with gadroons and foliage. The whole rests on circular bases with wide grooves and gadroons. Beautiful state of conservation of the gilding
