### Description

Beautiful and rare large bowl, "Plumes" model by the Vallerysthal crystal factory. A very pretty model for this piece in pressed-molded crystal with feather decoration. Pretty top shape with flat neck, beautiful shiny amber color, has nothing to envy of a large Lalique piece. Model clearly referenced, kept its label under the vase "Vallerythal, the purest crystal" Around 1950-1960. Good quality piece, very thick and very heavy. 28 cm in diameter, 16 cm in height, more than 4 750 kilos! Very beautiful piece, unbeatable value for money! rare signature.
