Description

Here is a sculpture made from a direct cut stone. The weight is important, count between 100 to 150 kilos perhaps (without certainty). It represents the profile of a man or woman with hair. There are gaps in several places, which also gives charm to this sculpture which comes from a workshop. She has a lot of style. We report friction in various places, patina wear on the character, significant gaps on the face, hair, bust, also note blackish dirt, gaps on the background. The work, however, remains in good condition. We sell it in its juice, nature, untouched. We did a basic cleaning. Be careful to take into account complicated transport, the weight is significant, allow between 3 to 4 people to lift this stone. We have no specific information on the sculptor, except that the work was probably created in the
