### Description

Great Dane In Ceramic Circa 1960-1970 in scale 1. Very beautiful harlequin Great Dane in glazed ceramic from the 1960s-1970s, with trademark underneath.

It is in perfect condition and of very good manufacturing quality in a very natural break, he wears his studded leather collar.  
the other small dog is not for sale.

it may seem a little kitsch but it has a lot of presence we don't see much of it anymore.

dimensions:

93 cm high, almost as big as a real one!
