

Mythology

580 EUR

Period : 19th century

Condition : Bon état

Material : Earthenware

Height : 41 cm

Description

Pair of earthenware ewers in the Majolica movement (Italy?) garnishing buffets during the Renaissance.

The decorations represent mythological scenes:

"Leda and the Swan" for one and "Venus and Love surprised by a Faun" for my second.

The handles are zoomorphic and end with a Medusa head.

These ewers are mounted as lamps.
