### Description

Vintage modernist floor lamp from the 50s and 60s in lucite, black lacquer and golden brass. Very beautiful lighting combining originality and neo-classical elegance entirely in the spirit of the Dominique house, surely from a designer yet to be identified. Note the excellent original condition of the set with perhaps a lampshade to be changed. Remarkable foot with its four lucite cylinders ringed with gilded brass. Possibility of sending in France and throughout the world by professional carrier.
