

Porcelain Pyrogen Mounted On Dish.

290 EUR

Period : 20th century

Condition : Très bon état

Material : Porcelain

Diameter : coupelle 13,5 cm

Height : 12,5 cm

Description

Fun pyrogen made up of several porcelain and brass parts. The upper part of our pyrogen is conical in shape and provided with circular grooves allowing the friction of the matches. Its center forms a receptacle for storing new matches. This part rests on a saucer with a decoration entirely made and painted by hand and used to place used matches. A brass ring separates these two parts. The whole thing is supported by a circular base in patinated brass. Dimensions: height 12.5 cm diameter of the cup 13.5 cm Shipping costs 15 euros in mainland France, other destinations contact us.
