

## Marine In The Port Of Antwerp

1 600 EUR

Signature : Louis De Burbure

Period : 19th century

Condition : Bon état

Material : Oil painting

Width : 60,5 cm

Height : 40,5 cm

### Description

Lively harbor marine scene. The port of Antwerp was, at the end of the 19th century, already an industrial and commercial center of attraction. Different types of boats, fishermen, sailboats, pleasure boaters, industrial transporters and boats full of people, show us the intense activity of Antwerp's port. Louis de Burbure (1837-1911), demonstrates here his talent as a seascape painter.
