Description

Large sprinkler in silver-plated metal, it rests on a pedestal molded with gadroons, the body is baluster-shaped on two registers with in the lower part a frieze of lanceolates on an amati background and in the upper part plain and engraved with a coat of arms of knight. The lid is fixed with a bayonet, it is molded with gadroons and pierced in a grid pattern. It ends with a fretel in the shape of a spinning top. France, early 18th century period. Condition, good, it has been re-silvered.
