Description

Pair of gilded bronze candlesticks with an elegant and refined design. These candlesticks feature leaf-like shapes, which add a touch of naturalness and grace to the surrounding environment. The glassonné enamel inserts add a touch of color and liveliness to these objects, showing the meticulousness and craftsmanship typical of mid-19th century French manufacturing. The material used for these candlesticks was produced in the East, demonstrating the fusion of cultural and artistic influences. This allowed European-style objects to be completed with exotic and fascinating workmanship. Each candelabra is characterized by two different faces, allowing you to choose which face to show based on the desired setting. With 5 candle holders each, these candlesticks are extraordinarily
