Description

This work represents three soldiers from the Renaissance era and a figure supporting a probably injured woman. In the back we can see a citadel and vegetation. The frame is from the 19th century. The work presents a lovely light and an interesting atmosphere. Everything is natural, unrestored, in attic condition. We report rubbing throughout the paint, white spots and scratches all visible in the photos. Note friction, wear of the gilding and significant gaps on the frame. This painting would require cleaning, we lightly wiped it with a sponge to reveal the signature. For the condition, please detail the photos. The photos are an integral part of the description.
