### Description

Italy XVIII

Pair of mirror sculptures in hand-carved linden wood, representing an angel in drapery. The sculpture is carved in the round and painted polychrome. The wings and draperies are gold. In good general condition, the wings have been reattached in the past, some wear to the polychromy and gesso on the feet of an angel, one thumb is no longer perfect.

But overall good with a wonderful patina.

Dim: 44.5 x 25 cm / approximately 1320 g per angel
