Description

Very beautiful Transition style chest of drawers in wood and marquetry. This is a very beautiful creation from the 50s and 60s in the style of the work of the greatest Parisian cabinetmakers of the 18th century such as Oeben or Vassou. Chest of drawers with central projection and curved sides. It opens with 3 drawers and is topped with a white marble top. The central marquetry is a bouquet of flowers and on the sides is a Queen marquetry. The whole is highlighted by an important decoration of patinated bronzes. Very good house condition, veneer of one edge of a slightly damaged drawer. The marble has a water stain in the middle. Period around 1950-1960.
