

## Regency Period Queen Armchair, 18th Century - France

1 450 EUR

Period : 18th century

Condition : Bon état

Material : Solid wood

Length : 61

Height : 113

Depth : 65

### Description

Beautiful "queen's armchair" from the Regency period, richly carved. The wood is richly carved with regency designs with shells on the front of the seat, floral designs on the armrests and leaves on the armrests. The finesse and richness of the sculptures have elegant proportions which give this beautiful armchair its charm. Pretty tapestry with beautiful floral patterns in good condition.
