### Description

Beautiful representation of the old port of Honfleur painted in oil on canvas cardboard. A typical view of Honfleur with a trawler at the dock and the old houses with slate roofs and colorful facades; in the background, we can see the bell tower of Sainte-Catherine. Beautiful colors with rich nuances that just need to emerge after a light cleaning, small scattered impastos of paint skillfully applied for relief... Signature at the bottom right to identify. Never out of frame, it is presented to you in its slightly faded original frame. First half of the 20th century. On the back, I seem to read a date of 1925 but without guarantee. Dimensions: 46 cm x 55 cm 58 cm x 66 cm with its frame Good general condition. Many other objects to discover in my stand at the Trade Shows in which I participate. Follow my
