Width : 51

Height : 175

Depth : 52

Description

EXCLUSIVE!!! This very nice metal menu holder Created by a craftsman at the request of a restaurant, this menu holder was made with square steel tubes for the base, supporting a metal frame which surrounds a wooden plate allowing hang the menus there. It was painted green for a more natural look. Unfortunately, the thick paint has sealed the height, so the tightening screw only has a decorative role! It is in beautiful condition, full of life, but still stable and solid. It can also be used to present menus or a work of art, or just as a decorative object, a photo display for example, bringing a very appreciable industrial touch! Circa 1980 Dimensions: - Height: 175 cm - Width: 51 cm - Depth: 52 cm Weight: 11.1 kg Delivery possible in France and around the world. Please contact me in advance to establish a
