Small Old Dutch Chandelier

750 EUR

Period : 19th century

Condition : Très bon état

Material : Bronze

Width : 46 cm

Height : 43 cm

Description

We present this Dutch chandelier, interesting in terms of its size and its period. It is for us from the 19th century, early in the 19th century and in very good condition. We picked it up in one of the many rooms of a castle in the Forez plain. (E24)
