

## 19th Century Ebony Cabinet And Ebony Veneer

12 000 EUR

Period : 19th century

Condition : Restauré par notre atelier

Material : Ebony

Length : 182

Height : 275

Depth : 66

### Description

Exceptional ceremonial cabinet in ebony and ebony veneer. It opens with two doors separated by a stained glass frame. Both neoclassically inspired but also naturalistic, this cabinet stands out for its originality, it rests on a base, inside there are two shelves on racks, the gigantic cornice resembles the pediments of ancient temples. The sides form reserves and are sculpted. More information on request as well as photos Visible in Bordeaux
