### Description

DELHEID, double champagne bucket and ice bucket in solid silver 925/1000. Spectacular champagne bucket composed of a removable interior bucket of standard size for classic bottle. This element can also be used as a large ice bucket with its insulated lid. The large handle champagne bucket can accommodate different types of bottles ranging from standard bottles, magnums and jeroboams. The large champagne bucket is enhanced by a vermillion rim. This model is extremely rare and probably corresponds to a special order. This work was carried out by the prestigious Maison Delheid in Brussels in the 70s. The weight is an impressive 3880 gr. Total height with cover. 32 cm. Large bucket opening diameter. 19.5 cm. Diameter small bucket. 18 cm.
