Description

Pair of sculptures from the art deco period 1925-1930 representing two young deer in the spirit of Georges Lavroff. Very interesting together with a very pretty patina representing two elegant deer or antelopes treated in the art deco style on a fine black Belgian marble base. Possibility of using this set as a pair of bookends or as two sculptures positioned in symmetry for their decorative character. Possibility of sending in France and throughout the world by secure package.
