## Chandelier In Bronze And Central Shaft In Golden Wood With 8 Arms Of Light And 8 Daggers

1 450 EUR

Period : 19th century

Condition : Bon état

Material : Bronze

### Description

Rare Louis XVI chandelier of very good quality, from the 19th century with 8 arms of lights in gilded bronze on a carved and gilded wood shaft, with large crystals and topped with 8 crystal daggers. The crystals were cut by hand as evidenced by the small dimensional differences between each crystal and knives, confirmed by measurements taken with a caliper. The wiring having been redone a few years ago, it is in perfect condition, the chandelier is ready to be installed. Dimensions: Height of the chandelier 60cm Diameter 65cm Total height 114cm which can be reduced to 72cm and all heights between 72cm and 114cm Height of the daggers 15cm Imposing size of the large crystals 12cm with a thickness of 1cm Other information on request
