### Description

This beautiful consolle in solid walnut has compact dimensions and a top with an owl's beak profile. The two supports carved with plant motifs and the feral feet give an elegant particularity to this piece, which seems almost eclectic and capable of transmitting a touch of history to the environment in which it is placed. The consolle, of 16th century Florentine Renaissance manufacture, was originally used as a small altar, adding a spiritual meaning to its aesthetic beauty.

Measurements: HxWxD 85 x 129 x 38cm
