### Description

The lamp base has a classic shape. The base has a small rim and a raised curve (diameter foot 24cm) on this curvature are various hand painted floral flower elements in different sizes and colors - with a black background. The lower shaft has a graphic decoration. The elongated shaft, which is slightly thicker in the middle, also has floral elements with a black background. The upper shaft again has the graphic decoration. A burnished brass frame sits in the middle. The slightly conical bourette shade made of coarse silk in off-white matches both the shape and many interiors. The shade is lined in white on the inside so that the light can shine through the fabric, giving the lamp a modern touch.
