Description

Exceptional Bronze Fireplace Trim, Early 20th Century

A splendid bronze clock and candelabras, dating from the early 20th century, an exceptional piece that combines elegance and history.

Characteristics:
Materials: This set is made of high quality bronze, with remarkable attention to detail. The bronze patina highlights the complexity of the patterns and figures adorning each piece, offering exceptional brilliance and finesse.
Design: The trim consists of a majestic central clock, flanked by two five-branched candlesticks, each brimming with artistic details and classic motifs. The clock, topped with delicate sculpture,
