Description

Elegant miniature frame in gilded bronze, dating from the 18th century, from the Louis XV - transition period, offering a piece of exceptional artistic refinement. This frame, made with meticulous craftsmanship, demonstrates the characteristic style of the period, combining the opulence of rococo with the sober classicism of the transition. The sumptuous gilding adds a touch of luxury to this frame, highlighting the richness of the details and the finesse of the sculpture. Each element, from delicate floral designs to graceful contours, is crafted with a precision that reflects the artisanal genius of the era. The exceptional quality of this miniature gilt bronze frame makes it a sought-after collector's item. Its smaller dimensions make it a versatile object, ready to accommodate a miniature work of art or
