19th Century Box, With Spare Parts All Periods, Watches, Watchmaking, Collection

185 EUR

Period : 19th century

Condition : Bon état

Material : Solid wood

Description

Very interesting little wooden box, with hinges and closing hook (one missing). The interior reveals 36 compartments, half with lids, organized alternately. The lids, some marked, are made of wood, with a small nail as a thumb grip. I cannot detail all the mechanism parts and ask you to look carefully at my detailed photos...if you are an expert, you will know better than me! Several periods, several materials, two hands (at least) are in gold.

Good general condition. A hook is missing, but the box closes well, the other lids may be missing.

European item, probably French, the box dating from the second part of the 19th century, the pieces are from different periods.

Dimensions: box: 26cm x 12.5cm,
