### Description

Pair of garden statues in white painted cement representing lions seated in majesty on fluted columns. The very stylized shape of the manes allows us to date them from the Art Deco period. They have a very beautiful presence and can easily be integrated into a neoclassical decoration both in a garden and indoors. House in good condition, the tip of one ear chipped. Period around 1930-1940. Approximate weight of 15 kg. Delivery on half pallet by carrier in the DRC to your home, 100 euros in France, 200 euros in the EU and 1000 euros rest of the world.
