Description

We are offering this delightful sculpture apparently from the years 1925/1930, representing an athlete in the javelin thrower position. We are not very far from the Olympic Games in France in 130 days. You will notice on the left thigh at the back, the artist's signature which we have not been able to decipher, if anyone can help us it would be welcome. Nice patina from the period. Weight 390 g (E24)
