

## Indian Spiked Mace

750 EUR

Period : 19th century

Condition : Bon état

Material : Wrought iron

Length : 70cm

Description
-------------

An impressive Indian mace from the 19th century. The headset is nicely weighted and made of steel, the circumference is fitted with 12 faceted spikes. The ball is further crowned by a long spike. The steel shaft with a pierced iron 'whistle' at the top. A feature often added to arms that swung through the air while attacking an opponent. The grip part of the shaft with two ball-shaped protections. Good condition with light pitting on the surface. 19th century 70 cm in total. (Sphere measures 7cm)
