### Description

Pair of elements with children's faces and dolphin bodies. Originally the two elements, which are double-sided, must have belonged to woodwork or furniture. They are treated in the spirit of the Renaissance and executed in the 19th century. They can be reintegrated into a decor or even form the base of a coffee table. Good general condition, beautiful sculpting work, the wood has acquired a beautiful patina, some traces of wood-burning without impact on the solidity. Delivery at the buyer's expense.
