LE PLUS BEAU CATALOGUE D'ANTIQUITES

Enamelled Glassware, Mounted In A Basket.

350 EUR

Period : 20th century

Condition : Parfait état

Material : Glass

Length : 19 cm

Width : 19 cm

Height : 23 cm

Description

We present this enameled glassware with a decoration of cats (two) on a flowering tree branch, both ready to pounce on two birds flying nearby. This stunning glassware has had the edges heat turned and is enclosed in a basket shaped mount. The glassware is of the quality of a Gallé crystal factory. I cannot say by which master glassmaker it was created. Perfect condition of the whole. Weight 850 gr (E24)
