Description

Beautiful brown-black patina bronze bust of Beethoven by the Russian artist Naum Lvovic ARONSON (1872-1943). This lost-wax bronze print dates from 1905 and is located in Bonn.

The Portrait of Beethoven is Naoum Aronson's best-known work. The large bronze proof was made in 1905 for the city of Bonn, where it still stands today. After this date, the model was distributed in smaller sizes. A Russian sculptor, Naoum Aronson began his career in Paris and emigrated to the United States in 1941 to escape the Nazi occupation. Geneva's Musée d'Art et d'Histoire owns an important collection of the artist's bronzes.
