

## Middle Table With Elephant Heads, 19th Century

6 500 EUR

Period : 19th century

Condition : Bon état

Material : Painted wood

Length : 130cm

Width : 78cm

Height : 76cm

### Description

Rare middle table in blackened wood, the legs in the shape of carapisoned elephant heads, the tusks in ivory, the openwork belt in the Japanese spirit, in the center of each side a carved monkey head, the border of the top engraved with flowers and dragonflies, trimmed with used velvet (possibility of changing it to leather or other of your choice upon quote). This table is probably of English origin. It is sold with its citation allowing its intra-European marketing. For export outside Europe, refer to the legislation in force.

Provenance: Château de la Bourdonnaye.
