Description

Art deco lamp from the 1930s in silvered bronze and rosewood. Very beautiful modernist cubist style lamp of very good quality of execution and massive due to its substantial weight in bronze. Note the good use of solid rosewood adding an undeniable touch of class to this light. Very good general condition with removable lampshade having suffered no damage over the years. Lamp to be used on a desk or piece of furniture for additional lighting. Possibility of sending in France and throughout the world by secure package.
