Description

Saint Peter And Saint Paul, Two Altarpiece Elements From The 17th Century.

Superb pair of sculpted panels from the 17th century representing Saint Peter and Saint Paul.

This pair of altarpiece elements are in very good state of conservation.

the polychromy is very well preserved as well as superb gold gilding.

carved in high relief they form a very beautiful pendant.

the drapes of the clothes are magnificent and very finely sculpted with strong relief, the faces are beautiful and the Saints are accompanied by their usual attributes.

polychromy is taken from floral motifs in clothing. softwood support.

no restoration to report.
