### Description

Half-creole clip earrings in 750/°° yellow gold (18 KT, eagle's head hallmarks) richly decorated with Japanese Akoya cultured pearls, which give them a very beautiful volume. These beautiful oriental pearls are interspersed in contrast with brilliant-cut diamonds of very good quality, grain-set. The general quality of manufacturing of these earrings can also be seen on their back, openwork in honeycomb, and the attention to detail in the shape of the rackets, fitted with a pellet giving a good grip for their handling. The closure system is therefore exclusively made up of clips (suitable for pierced and non-pierced ears). If, having pierced ears, you wish to add a stem, our workshop will be able to take care of this (on quote). Total weight of brilliant-cut diamonds estimated at approximately 0.66 ct
