Description

Elegant Louis XVI Style Pendant Light in Bronze and Glass

We are pleased to present this refined pendant light, embodying the elegance and grace of the Louis XVI style. Crafted from finely crafted bronze, this chandelier is a tribute to classic taste, revealing a love for symmetry and delicate ornamentation. The generous dimensions of this luminaire, with a height of 72 cm and a span of 21 cm, allow it to capture the eye and illuminate the space it occupies with distinction. The gilded bronze body is embellished with floral motifs and scrolls, typical of the neoclassical period, and elegantly supports three artificial candles, protected by transparent glass panels.
