

Stone Wall Fountain

4 600 EUR

Period : 18th century

Condition : Bon état

Material : Stone

Width : 134

Height : 166

Depth : 72

Description

Stone wall fountain with the effigy of Bacchus.
The lower part is a monolithic basin carved with a frame, the upper part is topped with a gendarme hat cornice which rests on two pilasters. The disgusting basin sculpted in high relief is very expressive.
