Description

Rare beautiful two-drawer chest of drawers with a well-moved "crossbow" front, known as a sauté pan, arched and sided legs in the frame, mounting of oak drawers, dangling handles with flanges of heads in variegated black-brown patina, do not look flashy. Top in an animated porphyry style with corbin beak, the neat bottom mounted in a molded frame. The legs of a beautiful movement are solid like all the rest of the chest of drawers which has not been painted in the fashion to hide the poverty. The contained sized piece of furniture (one meter wide and 50cm deep) makes it easy to optimize its location. The 80 height is completely in line for a line and a proud look, standing on its two feet. The Pompeian red color and the harmony with the harmony of greige gray, the thick and dense material of the
