## Description

Watercolor and gouache painting from the 19th century by Paul Pascal, work signed lower left. Very good quality and very good state of conservation for this work with wonderful colors used by the artist with great mastery with the dual technique of gouache and watercolor. Paul Pascal was born in Toulouse, 1832 or 1839 and studied at the School of Fine Arts in Madrid. He worked a lot in North Africa and also in the south of France. He participated in the Paris Salon from 1876 to 1880. His works are present in many museums such as Narbonne or Paris or Nice. Here an endearing and remarkable work animated by characters and animals that can be located around Nice or perhaps Turkey. Possibility of sending in France and throughout the world by secure package. Very beautiful framing,
