### Description

Cocktail ring adorned in the center with an angel skin-colored coral cabochon, held with claws. The coral is surrounded by pear-cut aquamarines and small zirconium crystals of different sizes, all alternating. The basket is openwork. Main material: silver, 950 thousandths. Total weight of the coral: approximately 1.65 carats. Total weight of aquamarines: approximately 1.51 carats. Proportions: Height: approximately 22.5 mm, width: approximately 21.5 mm, thickness: approximately 12 mm, width of the ring at the base: approximately 2.5 mm. Net weight: approximately 6.57g. Our opinion: With a beautiful volume, this aquamarine coral ring sits perfectly on the finger. Possible size adjustment, contact us.
