Description

Relisted following the non-payment of Mr Frédéric LEBLANC so-called merchant in Strasbourg 06 84 16 14 81 frédricleblanc219@gmail.com, to indicate to my colleagues not to waste their time with this uneducated character..... I propose this jug by Jacob Pertit (unsigned but undoubtedly, rare but known model by Jacob Petit) Model for the Turkish market, Its name is attached to the originality of its production, abundant and diverse, previously judged to have an exuberance of bad taste, it is sought today for its originality and the quality of its finish and the richness of its polychromy
