

Water Pitchers

550 EUR

Period : 20th century

Condition : Parfait état

Material : Glass

Diameter : 21cm

Height : 20cm

Description

These two water jugs were made in the Murano workshops in 1930. Their material is particularly precious since it is blown glass with inclusions of gold powder. They thus capture the light with numerous iridescences. Their shapes are soft, rounded, and their weight is significant due to the density of their material. The price indicated is per piece.
