Description

Pair of large Louis XIV style wall lights in gilded bronze. On an openwork plate chiseled with foliage and flowers, a draped cherub's head carries the 3 arms of lights with large cup and foliage finet. These wall lights are very decorative and stand out from the ordinary with this openwork plate lined with a patinated bronze plate which creates a color contrast. The square shaped cups are massive but elegant at the same time. Originally, these wall lights were equipped for gas lighting and they have been modified and electrified. Period late 19th century around 1890. Delivery 50 euros in France, 100 euros in the EU and 200 euros rest of the world.
